

This is a non liability waiver to explain to all customers of Tint Pros.

WINDOW TINT IS INSTALLED USING WATER.

Tint Pros, Philip Mondello or any employee of Tint Pros will not be held responsible for any damage or any issues with any computer or component that is placed from factory or aftermarket in any area of the customer's vehicle due to water damage. All vehicles are equipped with computers and components that are located in various locations and can potentially get wet during the install of window tint on vehicle glass. Some locations that are known as an example are, underneath the front windshield, behind dashboard, inside door panels, and underneath the rear deck lid and trunk areas.

Tint Pros is asking you to read , understand and sign this non responsibility waiver before the install of the tint on your vehicle glass. You can ask any questions about this beforehand for a verbal explanation about this non liability waiver.
